Integrated Employment Institute

Integrated Employment Institute Learning Community

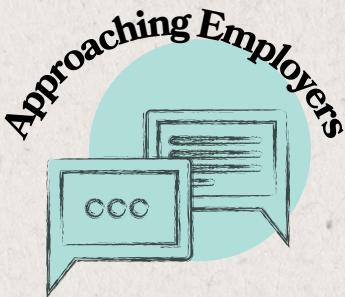

Second Tuesday of every month
from 3-4 PM EST

October
8 2024

AI can enhance career services by aiding in career exploration, job matching, and resume development. It also offers support for job coaching and identifying accommodations. This month's learning community call will explore AI strategies for career services and discuss potential challenges. Please bring your questions about using AI in your practice. *Remember to consider your agency's policies on AI use.

December
10 2024

Join us to discuss the importance of maintaining holistic wellness. We'll talk about the importance of wellness to prevent burnout and discuss strategies that support Career Services practitioners in maintaining wellbeing inside and outside of the workplace. Come prepared to discuss your own favorite wellness strategies!
